a) Read and translate this text about shopping centres into Spanish.

(Lee y traduce este texto sobre centros comerciales en español.)

Some people love shopping centres and think that they are great because there are a lot of different things to do in them. They can buy clothes, have a drink, go bowling, see a film and much more.

On the other hand, there are people who hate them because they are very expensive and you must spend a lot of money there.

I like shopping centres because you don't need to spend a lot of money every time. You can chat with friends, look at the shops and have fun without spending any money.
